DENOMINATION:

Countertop LPG gas grill, mild steel grill, 1 module, 900 range.

DESCRIPTION :

- Surface tops manufactured in 2 mm thick AISI-304 stainless steel.
- Laser-cut joints, automatic welding and polishes. Screws hidden from view.
- Grills fitted with 130 mm high dismountable guard to avoid splashing, manufactured in stainless steel.
- High temperature enamelled cast iron flue protector.
- Access to the components from the front.
- Machines with IPX5 grade water protection.
- Cast iron grills, dismountable without the need for tools, in 170 mm wide sections.
- The iron grills are reversible, with different finishes on each side:
 - Tilted and grooved with ridges for meat.
 - Horizontal and flat for fish and vegetables.
- The grills reach a very high temperature (400 °C), meaning that the surface of the product seals rapidly, keeping the inside of the food much juicier.
- Groups of high-efficiency tube burners, (a group of two burners for half-sized module models, two groups for a single module models).
- Independent control for each group of burners via a safety valve with a thermocouple.
- Burners turned on using Piezo electric ignition.
- The burners heat ceramic stones that sit on a supporting rack, so that they can then heat food on the grill.

SUPPLIED ACCESSORIES:

- 19045084 Scraper for charcoal with FE grill Kore generation 1ud.
